the incursions of women into areas from which they had been traditionally excluded together with the literary representations of their attempts to negotiate subvert and appropriate these forbidden spaces is the underlying theme that unites this collection of essays here scholars from australia greece great britain spain switzerland and the united states reconsider the well entrenched assumptions associated with the public private distinction working with the notions of public and private spheres while testing their currency and exploring their blurred edges the essays cover and uncover a rich variety of spaces from the slums and court rooms of london to the american wilderness from the victorian drawing room and sick room to out of the ordinary places like turkish baths and the trenches of the first world war where previous studies have tended to focus on a single aspect of women s engagement with space this edited book reveals a plethora of subtle and tenacious strategies found in a variety of discourses that include fiction poetry diaries letters essays and journalism inside out goes beyond the early work on artistic explorations of gendered space to explore the breadth of the field and its theoretical implications

corporate responsibility is considered an oxymoron by much of society corporations are among the least trusted of our institutions and the 2008 financial crisis bp s oil spill in the gulf of mexico and the collapse of the house of cards that was enron have only added to public skepticism so at a time when trust in corporations has reached an all time low why is interest

in corporate responsibility at an all time high a plausible explanation is that increasing numbers of stakeholders are demanding responsibility from corporations hyper transparency of corporate activities fueled by disclosure laws and the internet has increased awareness to the point where corporate behavior is under constant scrutiny smart business leaders are aware of this scrutiny and of the high costs of a public scandal they know that in the long run it is cheaper to act responsibly now than to dig out from a pr disaster later tim mohin is a veteran corporate responsibility practitioner who has led programs at apple intel and amd in this book tim tells us why he believes he is making a difference where it counts and how others can do the same his book is a manual on how to steer the corporate supertanker toward doing good for people and our planet changing business from the inside out provides a fascinating roadmap to the corporate responsibility and sustainability field from beginning a career to forming a program to navigating the complicated politics of a corporation mohin likens the corporate treehugger role to being the designated driver at the corporate cocktail party throughout his book he argues strongly that activists can accomplish more for the planet and society by serving as a voice of responsibility within the corporation rather than protesting outside the factory gates corporations are clearly the drivers of the world economy and the corporate responsibility practitioner has an essential role in bringing ethical and sustainable values to the c suite and making sure that they are accomplished whether you are a practitioner needing advice a mid career professional wanting to change course or an mba wondering how to incorporate responsibility into your career this book has the answers you need
